Note: The automated transcript did not include native speaker diarization. Speaker labels are therefore inferred from turn-taking and context. Because this was a group call, **Speaker 2** may represent more than one participant. The wording below intentionally preserves the automated word-by-word transcription, including filler words, repetitions, and informal phrasing.

Time	Speaker	Word-by-Word Transcript
[00:00.0 - 00:07.7]	Speaker 2	check we do in the onboarding process um let's see if i can find one i don't know if you have any
[00:09.6 - 00:16.6]	Speaker 2	you just did you got the epm id we could take a look no sorry hold on let me see if there's
[00:16.6 - 00:23.2]	Speaker 2	one in there does the name uh ring a bell ring a bell no i had one that had three code numbers
[00:23.2 - 00:31.6]	Speaker 2	oh no all right i'm getting it hard today i'm gonna uh pop a top yeah i would have
[00:31.6 - 00:37.9]	Speaker 2	held on to it i know we needed it sorry there you go no all good i think we can accomplish what we
[00:37.9 - 00:47.8]	Speaker 2	did okay flow is so let's see hello christine hello hello hi
[00:52.6 - 00:54.1]	Speaker 2	nice quick search here
[00:58.9 - 01:06.2]	Speaker 2	oh there's one is that l61 though yeah i mean for the purposes of this discussion it should

[01:06.3 - 01:11.8]	Speaker 1	it should get the job done right so um basically once you fill out your background resume serango
[01:12.4 - 01:18.9]	Speaker 1	we run your social against marketer right and see if you've been with us before and we call that
[01:18.9 - 01:26.7]	Speaker 1	prior nyl association if we get a hit right so it opens up a task um because a review is needed
[01:26.7 - 01:34.2]	Speaker 1	by nikki side and contracting and home office um to see if you are you know can be approved for a
[01:34.2 - 01:42.5]	Speaker 1	new marketer id right because if you were an if you were an agent with us before and um
[01:45.0 - 01:53.3]	Speaker 1	i believe it's tasks anything right anything has or more experienced um you have to come back to
[01:53.3 - 01:59.1]	Speaker 1	us on that same contract right um so you can't get a new marketer id they're gonna have to
[01:59.7 - 02:05.8]	Speaker 1	reinstate your previous one right so that's why it's important is as soon as we get your social
[02:05.8 - 02:12.6]	Speaker 1	to run it against our database um because we don't do reinstatements yet in epm that will be
[02:12.6 - 02:19.6]	Speaker 1	something we'd be looking to build out next year um but that would require today that person to be
[02:19.6 - 02:26.0]	Speaker 1	contracted through acs so that's why we want to stop

		them immediately here and basically tell the
[02:26.0 - 02:32.8]	Speaker 1	go hey they're not getting a new code they're not coming through epm doing through acs um so
[02:34.1 - 02:44.4]	Speaker 1	what we've discovered is um when that happens uh and nikki takes a do not proceed that usually
[02:44.4 - 02:50.1]	Speaker 1	closes the record they inactivate the candidate right uh sometimes the geo forgets right and the
[02:50.1 - 02:55.0]	Speaker 1	candidate say you know stops the recruiting process may come back to them in six months
[02:55.0 - 03:00.8]	Speaker 1	and say hey i want to restart right so the geo forgets they hit the reactivation button in sales
[03:00.8 - 03:07.4]	Speaker 1	central and we actually allow them to reactivate the record when we should not right the system
[03:07.4 - 03:14.2]	Speaker 1	should be picking up that do not proceed and then raising a prompt right in in salesforce
[03:14.2 - 03:19.0]	Speaker 1	for the recruiter or the geo to say hey we've already made a determination on this person
[03:19.0 - 03:25.6]	Speaker 1	they qualify for a reinstatement um so the ask here today is to to come up with the user story
[03:26.1 - 03:35.5]	Speaker 1	um uh that basically depicts what we what we want there uh right so um if we look conversely
[03:35.5 - 03:42.6]	Speaker 1	and while this person wouldn't have a sales central profile but

		um let me see if i can find
[03:42.6 - 03:47.3]	Speaker 1	one of my old records in sales central i'll show you where that reactivation button is i can give
[03:47.3 - 03:58.2]	Speaker 1	you a screenshot
[03:58.2 - 04:19.0]	Speaker 1	all right so this is a live one but this would uh if i was inactive it would say
[04:19.6 - 04:25.0]	Speaker 1	reactivate i'll see if i can find one of my older ones
[04:28.2 - 04:28.7]	Speaker 1	you
[04:32.0 - 04:37.9]	Speaker 1	There you go.
[04:37.9 - 04:45.1]	Speaker 1	Turn it around.
[04:45.1 - 04:53.2]	Speaker 1	How does it look?
[04:53.2 - 05:00.8]	Speaker 1	I can't see it.
[05:00.8 - 05:07.5]	Speaker 1	So here's a good screenshot I can send you.
[05:07.5 - 05:20.1]	Speaker 1	Basically what we're looking for is when this button is selected that a Salesforce
[05:20.1 - 05:29.8]	Speaker 1	prompt pops up here to the user, and we'll give you the language, and we basically want
[05:29.8 - 05:36.6]	Speaker 1	to tell the EPM config team that when we get that request that we perform that check
[05:36.6 - 05:45.8]	Speaker 1	for a do not proceed action on a prior NYL association task.
[05:45.8 - 05:53.8]	Speaker 1	What do we think is good language for the geo recruiters, guys?
[05:53.8 - 06:11.2]	Speaker 1	Please be advised this candidate cannot be reactivated as they were previously not approved

[06:11.2 - 06:19.3]	Speaker 1	for a new marketer ID or a new agent code.
[06:19.3 - 06:28.7]	Speaker 1	Or do we want to say like, please review for a reinstatement, like what kind of language
[06:28.7 - 06:29.7]	Speaker 1	do we want to say?
[06:29.7 - 06:30.7]	Speaker 2	Isn't it always a reinstatement?
[06:30.7 - 06:36.7]	Speaker 1	Yeah, if they had a previous marketer code and Nikki takes a do not proceed, yes.
[06:36.7 - 06:38.9]	Speaker 1	It's always a reinstatement.
[06:38.9 - 06:45.7]	Speaker 2	Although, could it be somebody who I'm a New York Life employee and now I want to become
[06:45.7 - 06:48.4]	Speaker 2	an agent, that you would decline as well, right?
[06:48.5 - 06:49.5]	Speaker 1	Yes.
[06:49.5 - 06:50.5]	Speaker 1	That's got to go through ACS.
[06:50.5 - 06:51.5]	Speaker 1	Yes.
[06:51.5 - 07:03.0]	Speaker 1	You want to say this record was not approved for a new marketer ID, or?
[07:03.0 - 07:04.0]	Speaker 2	Keep it simple.
[07:04.0 - 07:08.4]	Speaker 1	Yeah, this record was not approved for a new marketer ID, I like that.
[07:08.4 - 07:09.4]	Speaker 2	Just keep it simple.
[07:09.4 - 07:10.4]	Speaker 2	Yep.
[07:10.4 - 07:12.2]	Speaker 1	Please reach out to field service.
[07:12.2 - 07:16.9]	Speaker 2	Or even, you know, do we want to direct them to field service, or do we want to say please

[07:16.9 - 07:20.1]	Speaker 2	review the EPM profile?
[07:20.1 - 07:23.4]	Speaker 1	Because Nikki's know it'll be in the EPM profile as to how to proceed.
[07:23.4 - 07:26.7]	Speaker 2	But a recruiter's not going to know what to look at.
[07:26.7 - 07:29.4]	Speaker 2	Yeah, this is a tricky one.
[07:29.4 - 07:36.2]	Speaker 1	But again, remember, we got to keep in mind that they're going to be doing more of this
[07:36.2 - 07:37.2]	Speaker 1	themselves.
[07:37.2 - 07:42.2]	Speaker 1	Hopefully, they're in the EPM more.
[07:42.2 - 07:50.4]	Speaker 2	When we say please review EPM profile, or contact your field service professional, could
[07:50.4 - 07:51.4]	Speaker 2	we give them both options?
[07:51.4 - 07:52.4]	Speaker 1	Yeah, I'm thinking like...
[07:52.4 - 07:58.1]	Speaker 2	And then I know they had an EPM profile, or, you know what I mean, like...
[07:58.1 - 08:00.7]	Speaker 1	Well, they should, because they've initiated a selection portal.
[08:00.7 - 08:01.7]	Speaker 2	Oh, that's true.
[08:01.7 - 08:04.0]	Speaker 2	But they could be from another geo, you know what I mean?
[08:04.0 - 08:08.4]	Speaker 2	Like those folks that are like different recruiters.
[08:08.5 - 08:20.9]	Speaker 1	How about we just say, please, well, this candidate cannot be reactivated due to having
[08:20.9 - 08:27.9]	Speaker 1	a previously active contract with New York Life, right?
[08:27.9 - 08:31.8]	Speaker 1	Pretty general.

[08:31.8 - 08:39.5]	Speaker 1	Please work with your field service staff for guidance.
[08:39.5 - 08:40.5]	Speaker 1	Yeah.
[08:40.5 - 08:48.7]	Speaker 2	Instead of a previously active contract, do we want to just say a previously active agent
[08:48.7 - 08:49.7]	Speaker 2	code?
[08:49.7 - 08:52.9]	Speaker 2	Because that will cover us for employees and agents.
[08:52.9 - 08:53.9]	Speaker 1	Okay.
[08:53.9 - 08:58.9]	Speaker 1	We'll say active agent ID, because that's what we're calling them now, when marketer
[08:58.9 - 08:59.9]	Speaker 1	goes away.
[08:59.9 - 09:00.9]	Speaker 1	Hmm.
[09:00.9 - 09:01.9]	Speaker 1	What do we call it?
[09:01.9 - 09:02.9]	Speaker 1	Agent ID?
[09:02.9 - 09:03.9]	Speaker 1	Agent ID.
[09:03.9 - 09:04.9]	Speaker 1	Yeah.
[09:03.9 - 09:24.3]	Speaker 1	Active agent. Okay. All right. Take a look at what I wrote. All right. Looking for me.
[09:24.3 - 09:29.3]	Speaker 2	It looks good to me. The only thing I'm going to say is to Christine's point, some of these
[09:29.3 - 09:35.4]	Speaker 2	people, they are not employees. I mean, they're not, they weren't agents before. They were
[09:35.4 - 09:45.6]	Speaker 2	New York life employees. Mark it a code number. That's why I would say an active contract,
[09:45.6 - 09:50.5]	Speaker 2	right? Because I understand the agent part of it. A lot of them.

		Yes. But we, I do get
[09:50.5 - 09:57.2]	Speaker 2	those individuals where they are employees. So they may come back and say they, he wasn't,
[09:57.2 - 10:01.0]	Speaker 2	this person wasn't an employee. I wasn't that agent before. Do recruiters know what
[10:01.0 - 10:09.9]	Speaker 2	a marketer ideas? No, no, no. We can't say that. We probably can't even say agent ID.
[10:09.9 - 10:16.6]	Speaker 2	What they do know is a contract. That's, that's why I was throwing that out. I will leave
[10:16.6 - 10:21.5]	Speaker 2	it this way. And if they have questions, they can come back. Or what if we say due to having
[10:21.5 - 10:34.3]	Speaker 2	a previously active agent ID or previously a New York life employee, or previously a,
[10:34.3 - 10:42.9]	Speaker 2	an employee was New York life. Would that cover everything? Yeah. We can say due to
[10:42.9 - 10:52.0]	Speaker 1	having a previously active agent contract or a former employee of New York life. I
[10:52.0 - 10:57.8]	Speaker 1	feel like a recruiter knows what active agent ID is. Cause now they are an employee and
[10:57.8 - 11:02.9]	Speaker 2	they have an agent ID. Like everyone has an agent ID. But do they know like you and I
[11:02.9 - 11:08.3]	Speaker 2	have agent IDs? You know what I mean? I think they do. I don't know that they do. I don't
[11:08.3 - 11:14.4]	Speaker 2	know that they realize staff members have agent IDs, the

		home office team, anybody who's
[11:14.4 - 11:18.0]	Speaker 2	been fingerprinted has an agent ID, but I don't know that our recruiters understand
[11:18.0 - 11:26.1]	Speaker 1	that. Yeah. But I guess if we leave it at, at this, we're still telling them to reach
[11:26.1 - 11:31.8]	Speaker 2	out to their field service team for guidance. Yeah. So I just had to think about it. Sorry.
[11:31.8 - 11:34.7]	Speaker 2	I was just trying to cover it to where you don't have a bunch of questions coming back.
[11:35.3 - 11:43.3]	Speaker 2	Yeah. I don't want to be too wordy too. Cause it's like a power. Cause they're going to miss it.
[11:43.3 - 11:50.1]	Speaker 1	It's just like, Hey, this can't be done. Talk to field service. Right. Okay. Um,
[11:50.1 - 12:00.9]	Speaker 1	Mm hmm. That's good to me. All right. So go with that.
[12:02.3 - 12:08.4]	Speaker 1	Sure. All right. All right. So that's the initiation point. This is the message we
[12:08.4 - 12:22.2]	Speaker 1	want to show in Salesforce and I wanted to take a screen grab of the task show and do not proceed.
[12:27.1 - 12:32.3]	Speaker 2	This is Christine and Natasha. Doesn't the GO see my comment? Cause I don't think
[12:32.3 - 12:36.0]	Speaker 2	they get the inactivate task. Once I do have to do not proceed.
[12:36.7 - 12:41.9]	Speaker 2	They do get the candidate inactivation task. Okay. They're just not paying attention to it.

[12:41.9 - 12:47.9]	Speaker 2	They're not going in and looking at it. You're not studying the case. Like, you know what I mean?
[12:50.5 - 12:56.2]	Speaker 2	I'm just trying to make sure like, okay, at least if the, if the recruiter comes to them,
[12:56.2 - 13:01.4]	Speaker 2	then it'll force them to go into EPM to kind of look at what we're saying.
[13:01.4 - 13:07.7]	Speaker 1	Yeah. So we're still sending them back to field service. I think we're okay. We should be covered.
[13:20.3 - 13:23.8]	Speaker 1	Trying to find an example for string. Give me a sec.
[13:24.5 - 13:29.0]	Speaker 2	Actions. I can actually, I probably have one for you.
[13:30.2 - 13:35.7]	Speaker 2	Hold on. Cause remember we had tickets on these so I had to put them back down to sleep.
[13:35.9 - 13:39.9]	Speaker 2	How to put them back down is terrible.
[13:39.9 - 13:43.9]	Speaker 2	We'll find one. I'm looking
[13:43.9 - 13:47.9]	Speaker 2	in the database.
[13:47.9 - 13:51.9]	Speaker 2	Maybe they weren't tickets. Maybe they were just...
[13:55.9 - 13:59.9]	Speaker 2	See how rusty my SQL is.
[13:59.9 - 14:03.9]	Speaker 1	Maybe
[14:03.9 - 14:07.9]	Speaker 1	Raynaldo Mendoza.
[14:07.9 - 14:11.9]	Speaker 2	I got one.
[14:11.9 - 14:15.9]	Speaker 2	Raynaldo. I just wanted to say that.
[14:33.9 - 14:37.9]	Speaker 2	That's neat.
[15:03.9 - 15:07.9]	Speaker 2	So slow.

[15:15.9 - 15:19.9]	Speaker 2	There we go.
[15:33.9 - 15:42.9]	Speaker 1	So this is what it looks like.
[15:42.9 - 15:46.9]	Speaker 1	She took a do not proceed on it. This shows the previous
[15:46.9 - 15:50.9]	Speaker 1	marketer code this person had, what their title was,
[15:50.9 - 15:54.9]	Speaker 1	and their contract status.
[15:54.9 - 15:58.9]	Speaker 1	So if we pick up one of those, then we want to
[15:58.9 - 16:02.9]	Speaker 1	reject the reactivation.
[16:02.9 - 16:06.9]	Speaker 1	That's that.
[16:06.9 - 16:10.9]	Speaker 1	Are we good
[16:10.9 - 16:14.9]	Speaker 1	on that guys? I do have something to show you I found out.
[16:14.9 - 16:18.9]	Speaker 1	I don't think it's going to help our previously discussed issue, but something
[16:18.9 - 16:22.9]	Speaker 1	to know.
[16:22.9 - 16:26.9]	Speaker 2	I'm good.
[16:26.9 - 16:30.9]	Speaker 1	Okay.
[16:30.9 - 16:34.9]	Speaker 1	Remember we were talking about giving Kathleen's
[16:34.9 - 16:38.9]	Speaker 1	team the ability to enter a CRD. I was playing around
[16:38.9 - 16:42.9]	Speaker 1	on my own record and
[16:42.9 - 16:46.9]	Speaker 1	it looks like if we already have the CRD
[16:46.9 - 16:50.9]	Speaker 1	we can edit it.
[16:50.9 - 16:54.9]	Speaker 1	But I found, I believe I found
[16:54.9 - 16:58.9]	Speaker 2	you remember the name of the person we were looking for?

[16:58.9 - 17:02.9]	Speaker 2	On my ticket? Yeah.
[17:02.9 - 17:06.9]	Speaker 2	Gallant.
[17:24.9 - 17:28.9]	Speaker 1	Like if we don't have it,
[17:28.9 - 17:32.9]	Speaker 1	it's grayed out, right?
[17:32.9 - 17:36.9]	Speaker 1	Which is our issue. So it looks like we just want to enable
[17:36.9 - 17:40.9]	Speaker 1	that.
[17:40.9 - 17:44.9]	Speaker 1	When we don't have it, this is for the separate story we talked about.
[17:44.9 - 17:48.9]	Speaker 2	Now can a home office
[17:48.9 - 17:52.9]	Speaker 2	use it?
[17:52.9 - 17:56.9]	Speaker 2	Can a home office user update a record?
[17:56.9 - 18:00.9]	Speaker 1	No, I am a home office user.
[18:00.9 - 18:04.9]	Speaker 2	Oh, you mean right now? Yeah.
[18:04.9 - 18:08.9]	Speaker 2	Just like Gio.
[18:07.9 - 18:27.0]	Speaker 1	All right, so I'll send you this screen print, and basically, you know, the easy ask on this
[18:27.0 - 18:45.4]	Speaker 1	one is, enable that, all right, two birds with one stone.
[18:45.4 - 18:53.2]	Speaker 2	And we just got an example of a document, an incorrect document that uploaded, Natasha
[18:53.2 - 18:54.2]	Speaker 2	just got an example.
[18:54.2 - 18:55.2]	Speaker 2	Oh good, okay.
[18:55.2 - 19:03.5]	Speaker 1	What's the, do we have an EPM ID or something?
[19:03.5 - 19:06.8]	Speaker 2	I would like to see the date it was uploaded.

[19:06.8 - 19:10.2]	Speaker 2	Looks like today, because I just looked at it, because she's like, I think we have an
[19:10.2 - 19:11.2]	Speaker 2	example.
[19:11.2 - 19:12.2]	Speaker 1	I'm like, how old is the task?
[19:12.2 - 19:13.2]	Speaker 2	Is it new?
[19:13.2 - 19:14.2]	Speaker 2	I just said yes, Natasha, 20 questions.
[19:14.2 - 19:15.2]	Speaker 2	Melinda was writing me.
[19:15.2 - 19:16.2]	Speaker 2	Yeah, EPM is 93312.
[19:16.2 - 19:30.8]	Speaker 2	They were able to find it in DMS, and I didn't tell them to upload it from there.
[19:30.8 - 19:31.8]	Speaker 2	Yeah, they did.
[19:31.8 - 19:34.0]	Speaker 2	I see that they uploaded it from there.
[19:34.0 - 19:35.0]	Speaker 2	Okay.
[19:35.0 - 19:38.4]	Speaker 2	I just realized, I was like, oh no, am I screwed up for this?
[19:38.4 - 19:42.3]	Speaker 2	She, because I told her to look here, you know, was it in documents?
[19:42.3 - 19:44.3]	Speaker 2	Was it in DMS?
[19:44.3 - 19:46.4]	Speaker 2	So the right one was in DMS?
[19:46.4 - 19:49.1]	Speaker 2	Yeah, but an IR loaded in.
[19:49.1 - 19:55.6]	Speaker 2	But an IR fed into the document titled W4-2026, and it shows it was created by candidate.
[19:55.6 - 20:03.3]	Speaker 1	Yeah, that was back in August of 25, if I'm looking at the right one, Donald January?
[20:03.3 - 20:04.3]	Speaker 2	Yeah.

[20:04.3 - 20:07.9]	Speaker 2	You mean the candidate as a whole?
[20:07.9 - 20:10.3]	Speaker 1	His IR was ran in August of 25.
[20:10.3 - 20:13.7]	Speaker 2	But it isn't even his IR loading up to it, it's somebody else's.
[20:14.1 - 20:18.9]	Speaker 1	Yeah, but that doesn't matter.
[20:18.9 - 20:26.4]	Speaker 1	It's when we started to store the document is the problem.
[20:26.4 - 20:31.6]	Speaker 2	So we need one that's happened recently, because I think this was, yeah, like, let me share
[20:31.6 - 20:32.6]	Speaker 2	my screen.
